IV. Read the following passage. Decide whether the statements from 23 to 26 are True or False and choose the correct answer (A, B, C or D) to complete the statements in the questions 27 and 28. (1.5 pts).

The city where I live has a bad image because of its high crime rate. If you believe everything you read in the newspapers, you might conclude that everyone who visits the city has their wallet stolen or gets attacked in the street the moment they arrive. In recent years this has had a negative impact on the number of tourists who come to the city, since news stories can really influence people when they are thinking of visiting a place.

I won't pretend that my city is the best place in the world. It's noisy and crowded, and ugly industrial estates surround it on all sides. In fact, it ranks sixth on a national list of the country's worst places to live, and for most visitors, their first reaction is 'Oh no, what a horrible place!' However, I think this is unfair. There are some attractive old buildings in the city, the diverse population gives the place a colorful, international feel, most of the locals are friendly and welcoming, and because prices are low, people can afford to enjoy a lifestyle that is considerably better than in many other cities. In short, there is a unique charm here that often goes unnoticed, waiting to be discovered by those willing to look beyond the headlines.

23. The negative image of the city hasn't affected the number of tourists visiting it.
24. The city is described as noisy, crowded, and surrounded by ugly industrial areas.
25. The first reaction of most tourists when they first come to the city is negative.
26. The author disagrees with the rank of his/her city on the list of worst places to live.

    A. It ranks first on a national list of the country's worst places to live.
    B. Local people can enjoy a better lifestyle because of low prices.
    C. Local people are always unfriendly and rude to the visitors.
    D. Visitors to the city often have their wallet stolen or get attacked.
28. What is the main idea of the reading passage?
    A. The city has a high crime rate so it's unsafe for tourists.
    B. Despite its negative image, the city has many attractive features.
    C. Tourists should focus only on the crime rate to choose where to visit.
    D. The city is the worst place to live in the country.
