## LESSON 4 - Breaking News and Reported Speech

Listen and choose the best answer.

1. What is the main purpose of the text?

- a) To prove the moon landing was fake
- b) To compare two opposing viewpoints
- c) To describe how astronauts work
- d) To explain how cameras function

2. What is implied about the people who believe the conspiracy theory?

- a) They completely ignore evidence
- b) They rely on certain visual details
- c) They trust scientists
- d) They have scientific proof

3. What assumption is behind the argument about the flag?

- a) Movement cannot happen without wind
- b) The moon has a strong atmosphere
- c) The flag was broken
- d) The video was edited poorly

4. Why is the absence of stars considered “strange”?

- a) Because the moon is too bright
- b) Because stars are always visible in space
- c) Because cameras cannot capture stars
- d) Because astronauts removed them

5. What contrast is presented in the final paragraph?

- a) Belief vs evidence
- b) Science vs technology
- c) Past vs present
- d) Reality vs imagination

**Rewrite the sentences using reported speech.**

1. People say, "The moon landing was fake."  
→ People said that \_\_\_\_\_.
