I'm Fernanda, I'm from Brazil. This is my family. We have three meals in a day. In the morning, we have a big breakfast. We usually eat bread and butter for breakfast. At about 11 o'clock in the morning, we have lunch. Here in Brazil, lunch is the most important meal of the day. We usually eat meat, fish, chicken, eggs, and a little salad for lunch. However, many families in Brazil often eat pasta for lunch. In the afternoon, we often drink smoothies. In the evening, we often eat a simple dinner with pizza, hamburgers, or soup.

In our science class last week, we learned about health and how to be healthy. Our teacher said we should eat lots of vegetables and fruit. We shouldn't eat fast food or candy because they're bad for our bodies and teeth. And we shouldn't eat too much. My classmates like having snacks all the time, and that's bad. My teacher said we should have only one or two snacks a day. Our school has a small vegetable garden. We sometimes go there and learn how to grow food. We also sometimes go to the cafeteria and learn how to make salad or cook vegetables. It's really cool!

Hi Chris,

Would you like to come to a barbecue this Friday at my house? Lots of our friends will be there, too. Please come. It starts at 1 p.m.

I still need to make some of the food. I'll make a cake on Thursday, but I need to buy some more things for it. I still need some flour and a few eggs. I'll go to the supermarket tonight. Is there anything you want? My dad will make steaks and hamburgers on Friday. Katie will bring some curry, and Mark will bring some rice. Can you bring something? We need some drinks. Can you bring some soda or orange juice?

Talk to you soon.

I'm Andy, and I'm in fifth grade at King's Bridge Primary School. This week, we learned about popular jobs in the future. I think many people will be astronauts. My teacher said some people won't live here on Earth in the future. Astronauts will teach those people how to live in space. I think it'll be really cool to be an astronaut! I also think many people will be engineers. There will be more people in the future, and we'll need engineers to make houses, roads, and bridges. Engineers will also make robots, and we'll use robots to do many cool things. I think the future will be great.

My teacher knows a lot about staying healthy. She said we should do exercise every day and play outside more. And we shouldn't eat fast food because it's not good for us. She also said we shouldn't eat too much. Not many students did these things. We learned a lot. It was a very interesting week at school.
