

Functional theories of translation

Matching. Draw a line to match the core idea to the right theorist.

- | | | |
|------------------------|---|--|
| Hans J. Vermeer | ● | ● The translator has a bilateral responsibility to both the ST author and the TT recipient |
| Katharina Reiss | ● | ● The TT is determined by its purpose (<i>Skopos</i>); the ST is "dethroned". |
| Holz-Mänttari | ● | ● Equivalence must be sought at the text level (Informative, Expressive, Operative). |
| Christiane Nord | ● | ● Translation is a communicative process involving roles like the <i>initiator</i> and <i>commissioner</i> |

Fill in the blank. Read the ST and the brief. Then, select one theory to translate into Spanish.
