

MY TOWN

Alicia/Teacher

This is my town. My town is big. *There are lots of places in my town.*

*There is a big school and there is a hospital behind the school. There is a museum next to my house, **but** there isn't any bus station. There are lots of old things in the museum.*

*There is a river **and** there is a small market in front of the river. There are some big and small houses, some trees and beautiful gardens **but** there isn't any swimming pool or sport centre to play football or basketball. I love my town!*
