

## L2.1. EX 7. VIẾT CHÍNH TẢ

Nghe và điền từ còn thiếu vào chỗ trống.  30.mp3

1

**Student:** Professor Kayne. I was wondering if I could ask you something.

**Professor:** Of course. How may I be of (1)\_\_\_\_\_?

**Student:** Well, I'm taking your developmental psychology class.

**Professor:** Right. I recognize you from the (2)\_\_\_\_\_. You sit in the first couple of rows usually, right?

**Student:** Yes, that's me. Anyway, I'm taking this class with you, and I didn't do so well on the first (3)\_\_\_\_\_. Well, I guess I did okay, but I'm not really (4)\_\_\_\_\_ with my grade. And I was wondering if you might be able to help me figure out how to (5)\_\_\_\_\_ for the next exam.

2

All right, class. Today we're going to talk about reptiles. Now, as you probably remember, reptiles are (1)\_\_\_\_\_ animals that are hatched from eggs and have scales. Does this sound (2)\_\_\_\_\_ to everyone? Okay, good. Now, I think the best thing to do would be to get into examples of reptiles. Let's see, um, (3)\_\_\_\_\_ your hand if you've ever heard of an animal called the horned toad. Okay, so many of you have heard of this (4)\_\_\_\_\_. I see some questions in your eyes. You are probably wondering why we're going to talk about the horned toad since I just (5)\_\_\_\_\_ that we'll be discussing reptiles.
