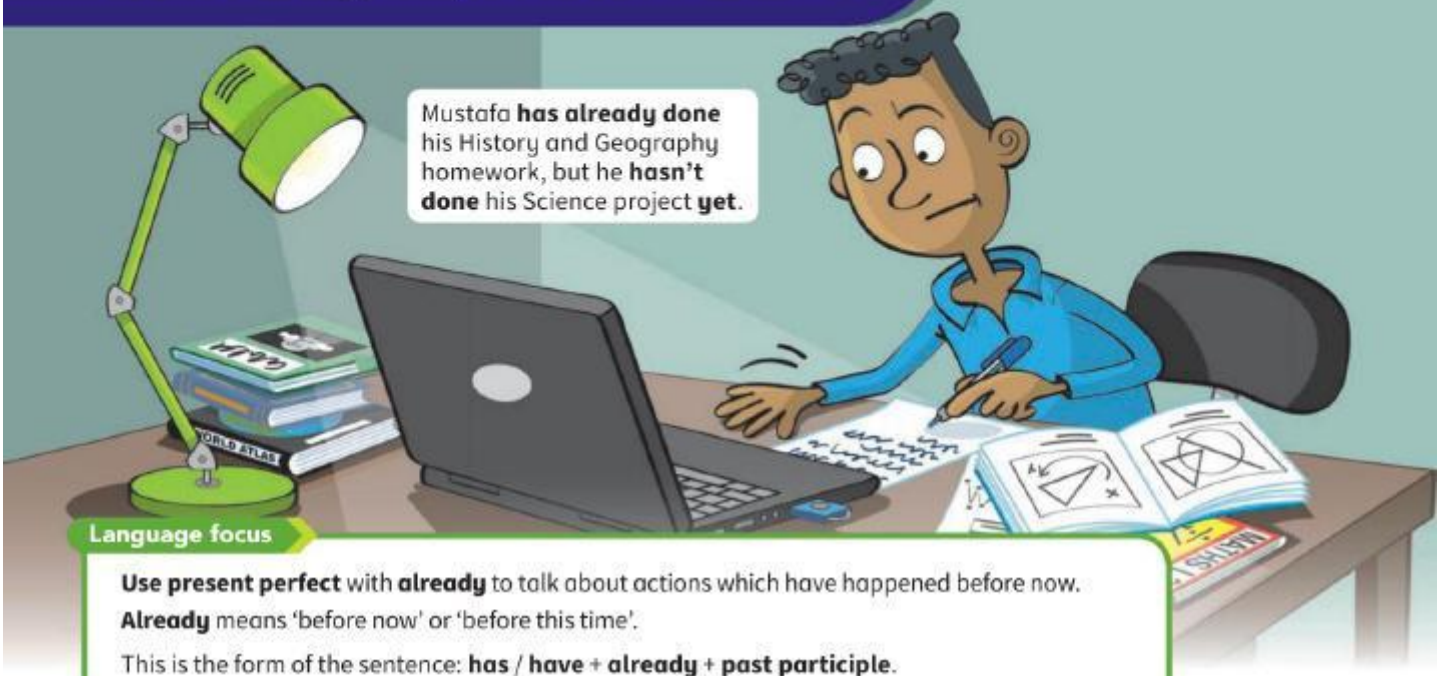
Present perfect with *already / yet* revision



Language focus

Use present perfect with **already** to talk about actions which have happened before now. **Already** means 'before now' or 'before this time'.

This is the form of the sentence: **has** / **have** + **already** + **past participle**.

*Dad **has already painted** that fence!*

Already is also used to express surprise that something has happened sooner than expected.

*Sophia is only 12 but she has **already** lived in Istanbul, Madrid, Beijing and Paris.*

*Oscar is only 11 but he has **already** learned to play the violin, piano, guitar and trumpet.*

Use **present perfect** with **yet** to talk about actions which haven't happened up to now. **Yet** means 'up to now' or 'up to this moment in time'. We often use it to talk about something we haven't done but expect to do.

This is the form of the sentence: **hasn't** / **haven't** + **past participle** + **yet**.

***Have you played** on the new tennis courts yet?* *Yes, I have, but I **haven't played** on the new basketball courts **yet**.*
