If you're interested in history, my city is a great place to visit. There are many historical monuments and buildings here. I'm very proud of my city.
Every year, I'm very excited about the spring festival. It happens in March and there are many activities across the city. The festival is famous for its dance performances. If you had visited this year's spring festival, you would have seen the many dance shows with lots of dancers and acrobats. I'm always surprised at how high the acrobats jump in the air.
There is also an open-air music show. An orchestra plays music. I enjoy listening to the drummers play. There are street performances and puppet shows during the festival. The streets can get crowded with people watching the performances.
On the last day of the festival, there is an enormous parade in the city centre. Spectators dress in costumes or fancy dress. They watch the parade from the street. People dance and have fun. In the evening, there is a fireworks display with lots of bright lights. It's spectacular!

1 Which season does the festival take place in? _____
2 What surprised Amy about the dance performances? _____
3 What does Amy enjoy about the music show? _____
4 What happens in the streets during the performances? _____
