Read Khalid's email. Answer the questions with short answers.

Hi Ahmed,

Last weekend, I went on a trip to the mountains with my family. We stayed in a small wooden cabin near a beautiful lake. Every morning, we went hiking and saw different animals.

One morning, while walking on a trail, we saw a fox running between the trees. It was very fast and disappeared quickly! We also saw some birds flying over the lake.

At night, it was very cold, and I caught a bad cold. I had a sore throat, a runny nose, and sneezed a lot. My mother made me some warm tea with honey and lemon, and I felt much better after drinking it.
