Date: December 12
Time: 11:20

Dear _____,

I really enjoy my new life in Canada, my English class and meeting new people like you! I have a problem. Before I came to Canada, I liked to walk outside. The weather was never cold like it is in Canada. I know it is important to stay active and walking is an easy and free way to stay active when it is cold outside. What can I do?

From

Maria

Answer the questions:

1 Who wrote the email?

2 When did Maria send the email?

3 What does she enjoy in Canada?

4 How did she stay active before coming to Canada?

5 Why does she find it difficult to be active in Canada?

Physical Activity – Activity 3, Worksheet 3 – CLB 2–3

Barriers

Now that you have read your classmate Maria's email, write her back an email, advising her on the importance of staying active and some possible ways she can do it in the colder temperatures.
