

姓名: _____

日期: _____

B. 正确填写骨骼和关节的位置。

肋骨	头骨	韧带	脊柱	骨盆
肩胛骨	滑液	手部骨骼	软骨	足部骨骼

The diagram shows a human skeleton with several empty boxes for labeling. Lines connect these boxes to specific parts of the skeleton:

- Top right: Skull
- Top left: Neck/Thoracic region
- Middle left: Upper arm (humerus)
- Middle right: Lower arm (radius and ulna)
- Bottom left: Pelvis
- Bottom right: Knee joint (with inset)
- Far left: Lower leg/foot region

The inset diagram of a knee joint has three labels:

- P: Points to the articular surface of the femur (thigh bone).
- Q: Points to the articular surface of the tibia (shin bone).
- R: Points to the articular surface of the patella (kneecap).
