NEW WHEELS

You won't believe what's sitting in my driveway! 

Hey Ryan!

I hope everything is going great with you! I just met up with my cousin yesterday, and he completely shocked me. He finally traded in his old ride and got a brand new **compact hybrid SUV**, and he actually let me take it out for a spin around the block!

It is honestly an incredible drive. The cabin feels like a **high-tech cockpit with massive screens**, the transmission is buttery smooth, and it runs so quietly you can barely tell the engine is on. I think I've officially caught the car fever!

What do you think? Are you planning to upgrade your wheels anytime soon, or are you sticking with your trusted daily driver for a while longer?

Take care,

Chris

NEW HOBBY

Guess what? I just tried something amazing! 🧑🏻‍🧗

Hey Sarah!

I hope you're having a great week! I just met up with my cousin yesterday, and she completely blew my mind. She has been getting into **indoor rock climbing and bouldering** lately, and she actually took me along to a local climbing gym to try it out!

It is honestly the coolest thing ever. It feels like solving a **physical puzzle with your whole body**, and the community there is incredibly supportive. I think I've officially found my new favorite hobby!

What do you think? Would you ever want to come with me and try scaling a few walls, or do you prefer keeping your feet firmly on the ground?

Take care,

Alex
