a) take
b) takes
12. The students in my class _____ very hard.
a) works
b) work
13. The woman with three children _____ very busy.
a) is
b) are

PART 3– READING COMPREHENSION

-Read the text carefully.

“Technology at School”

Today, most students attend classes in a physical classroom with teachers and classmates. They usually take notes, participate in group work, and complete assignments before the

deadline. Many students also use educational apps to study different subjects like Biology, Physics, and Literature.

Some schools are now using virtual reality during lessons. In these classes, students can explore space, visit historical places, or study the human body in 3D. Teachers believe technology makes learning more interactive, entertaining, and informative for students.

Technology also allows students to learn at their own pace. They can watch videos, repeat exercises, and receive feedback online. However, some teachers think face-to-face communication is still important because students develop teamwork and social skills in traditional classrooms.

Choose the correct answer.

14. Where do most students attend classes?
 - a) At home
 - b) In a physical classroom
 - c) In a museum
 - d) In a laboratory
15. What do students usually do during class?
 - a) Sleep
 - b) Play games
 - c) Take notes
 - d) Watch movies
16. What subjects are mentioned in the text?
 - a) Biology, Physics, and Literature
 - b) Math and Music only
 - c) Geography and Cooking
 - d) Chemistry and Art only
17. What are some schools using during lessons?
 - a) Sports equipment
 - b) Virtual reality
 - c) Newspapers
 - d) Robots
18. With virtual reality, students can:
 - a) travel through space
 - b) avoid homework
 - c) skip classes
 - d) study less
19. Teachers think technology makes learning:
 - a) boring
 - b) difficult
 - c) interactive and entertaining
 - d) slow
20. Technology allows students to:
 - a) leave school early
 - b) learn at their own pace
 - c) avoid studying
 - d) stop reading books

Match the words with the correct definition.

Column A

21. Scholarship
22. Deadline
