I went out of the door and stood up. I could hear something behind the tent. I turned on my torch and I walked round to the back of the tent.I looked down and there was a little white rabbit on the grass. I was very surprised.

In the middle of the night I woke up. There was something noisy outside the tent. I was frightened. My mum and dad didn't wake up. Maybe they couldn't hear anything.

Last summer I went on a camping holiday with my family in the mountains. The campsite was in a big field next to a farm and we were all alone there. There weren't any other tents. How boring! There was no one to play with.

We arrived at the campsite when it was dark. It was very cold and windy. I helped my mum put up our tent and my dad made us some food. When the tent was ready we had dinner and then we went to bed. We were very tired.

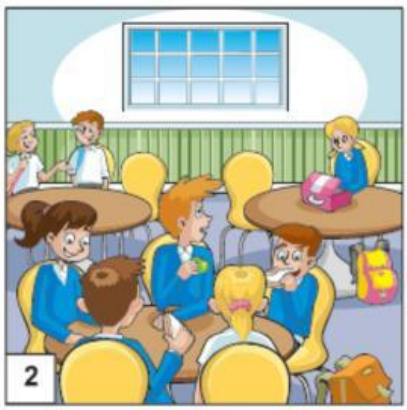

I was very happy for the rest of the holiday because I had a friend to play with. I called the rabbit Lucky because I was lucky to find him. At the end of the holiday we took Lucky home with us and now he lives in our garden.

Our food was outside our tent and I was worried. Maybe it was a bear and it wanted to eat our food. I got up and I opened the door of the tent. I looked outside but I couldn't see anything.
