My favourite animals

My favourite animals are spider monkeys. They've got a small head, long arms and long legs. Their hair is black or brown. They've got four long fingers on their hands, but there are five toes on their feet. They've also got a long tail.

They live in trees in Brazil and Mexico and they can jump from tree to tree. They're fast! They play in the trees and sleep there too. They sometimes come down from the trees and walk on the ground. There are usually thirty spider monkeys in a family.

Spider monkeys are clever. They're cute too, and I love them.
