### Part C: Reading Comprehension

Read the passage and answer the questions.

#### The World Today

Modern technology has transformed the world into a global village. People from different countries can communicate instantly through social media and other forms of media. As a result, cultures, ideas, and lifestyles are becoming increasingly connected.

However, some people worry that traditional values may disappear because of foreign influences. Others believe that globalization is playing a big part in improving education, business, and international relationships.

Although there are many advantages, not everyone has equal access to technology. In some areas, internet access is still limited.
