WRITING MODEL

Check the model below:

Last summer, I followed some popular fashion trends. I usually wore a hoodie and jeans at the shopping mall because they were comfortable. On weekends, I wore sneakers when I met my friends at the park. During a music festival, I wore a hat and a white shirt, shorts and sunglasses because the weather was hot. In the evening, I often wore a jacket when I went out with my family. My favorite clothes are colorful and fashionable because they help me express my personality.
