What is grooming, does it always happen online and how can you protect children from sexual abuse?
Child abusers use social media to contact and groom youngsters - but abuse doesn't just happen online.

Lauren Windle - Becky Pemberton - 22 Mar 2019, 12:44

SOCIAL media is used by of people around the world - including child who use it to contact and groom youngsters online.

But kids aren't only at risk Let's take a closer look at the disturbing of grooming.

WHAT IS GROOMING AND DOES IT ALWAYS HAPPEN ONLINE?

Grooming is when someone builds an connection with a child with a view to gaining their for sexual or trafficking

The can be a stranger or someone they already and the grooming can online or in person. Often this is done by finding out about a potential and trying to establish the likelihood that a child will report them. They then try and isolate their victim and may use tactics like flattery and gifts to build a or even threats and intimidation to gain control. They can use chat focusing on children's interests or social media to make and often pretend to be younger than they are.
