

IELTS Writing Task 2

Some people believe that governments should focus on reducing poverty by providing financial support to low-income families. Others argue that governments should prioritize economic growth and prosperity, believing that this will benefit everyone in the long term.

Discuss both views and give your own opinion.

<p>Many people believe that governments should provide direct financial assistance to people living in poverty, while others argue that promoting economic growth is a more effective way to improve living standards. helping low-income families can provide short-term relief, I believe that governments should prioritize economic growth because it creates long-term opportunities and benefits for a larger number of people.</p>	<ul style="list-style-type: none"> → Paraphrase the topic → State your position
<p>Those who support financial assistance argue that governments have a responsibility to help citizens who cannot meet their basic needs. _____, direct financial support often addresses the symptoms rather than the causes of poverty. _____, welfare payments may help families buy food and pay bills, but they do not necessarily improve their employment prospects. _____, long-term dependence on government assistance may reduce people's motivation to develop new skills or seek better job opportunities. _____, poverty may continue from one generation to the next despite continuous financial support.</p>	<ul style="list-style-type: none"> → First View + Disagreement
<p>_____, many people believe that governments should focus on promoting economic growth and prosperity. _____, a strong economy creates jobs and increases income opportunities for citizens. _____, when governments invest in infrastructure projects and encourage business development, companies often expand and hire more workers. _____, economic growth increases government tax revenue, which can be used to improve education, healthcare, and public services. _____, more people are able to find stable employment, improve their quality of life, and escape poverty in a sustainable way.</p>	<ul style="list-style-type: none"> → Second view + Agreement
<p>_____, while providing financial support can help disadvantaged families in the short term, I believe governments should place greater emphasis on economic growth. This approach not only creates employment opportunities but also generates long-term prosperity that benefits society as a whole.</p>	<p>Conclusion</p>
