

Part 1. Reading & True / False

Read the story

Last Saturday, Emma visited a small animal exhibition with her family. She saw many animals and took lots of photographs. Her favorite animal was a polar bear because it was bigger than all the other animals in the exhibition.

Emma also bought a diary and a poster about polar bears. She thought the diary was more interesting than the poster because it had many pictures and facts. At the end of the day, Emma went home and showed everything to her brother.

1.

Emma visited an animal exhibition last Saturday.

☐ True ☐ False
