

5th Adolescents – Midterm Test

VOCABULARY

1. Choose the correct word or phrase to complete the text.

Back to Bed

If you are (1) **taken / fed / eaten / angry** up of hearing your parents telling you to get up, you should tell them that studies have shown that sleeping is good for you and especially good for teenagers. In fact, doing (2) **no / none / less / without** the necessary sleep could affect your brain. Tests (3) **carried / made / done / marked** out on teenagers in Britain showed that students who slept 10 hours did better in exams than those who slept between six and eight hours. Some schools have (4) **gone / made / come / decided** to a decision to start classes later so that school children can get an extra hour's sleep. However, this only works if the students go to bed on time. Since studies suggest that teens find it difficult to fall asleep before 11 o'clock, you should (5) **make / favour / decide / do** your best to be in bed by 11 o'clock. If you can, you will be doing yourself a favour and maybe you will manage to improve your marks.
