KET READING PART 5 Practice

Read the article. Write ONE word for each space.

My Favourite Game

I really enjoy playing chess because it is fun and helps me think carefully. My grandfather taught me **(1)** _____ play when I was eight years old. Since then, we **(2)** _____ played together almost every weekend.

Sometimes my friends come to my house, and we play chess or card games together. We always have a great time **(3)** _____ we learn something new every time we play. Last month, I entered a school chess competition. I didn't win, **(4)** _____ I was still happy because I played much better than before.

I think board games are great because they help people spend time together instead **(5)** _____ using phones all day. I hope I will become **(6)** _____ better chess player in the future.
