

Days 2 & 3

Solving Word Problems

Do Now: There are 17 girls and 15 boys in the classroom. If there are 45 chairs for students, how many seats are empty? What strategy did you use to solve the problem?

Days 2 & 3

Directions: Jonny, Anne and Emma are best friends. Below is a chart that shows how many text messages each friend sent everyday for a week. Use the chart to answer the following questions. Show your work.
