

## Revision Unit 4

### Quantifiers

1) Complete the online post and its response with the phrases in the box.

a few problems	enough strength	not enough answers
not enough options	<del>too many questions</del>	too old      too young (x2)

### Young Teens Health Forum

#### Post:

I would like to see more advice about health and fitness for boys on this website. There are ***too many questions***

for teenage girls and \_\_\_\_\_ for boys. What advice can you give young male teens for a regular work out?

Toby

#### Answer:

Thanks for your comment, Toby! Teenage boys can also have \_\_\_\_\_ with their body image as they are growing up and changing. Fitness for boys is easy when you are young, but the early teenage years can be complicated. You feel you are \_\_\_\_\_ to play silly games with friends, but \_\_\_\_\_ to work out in the gym with older guys. Perhaps you haven't got \_\_\_\_\_ yet to join an adult sports team. But you are never \_\_\_\_\_ to exercise regularly. If there are \_\_\_\_\_ where you live, think about running or parkour, or working out at home. Hope this helps!

### Should / Ought to / Shouldn't

2) Complete the sentences with **should – shouldn't – ought to.**

- If you are always late to class, you \_\_\_\_\_ get up earlier.
- People who can't get up \_\_\_\_\_ go to bed so late.
- Ilona can't relax. I think she \_\_\_\_\_ to do yoga.
- Our teacher said we \_\_\_\_\_ to eat our lunch outside because it's hot today.
- You \_\_\_\_\_ give chocolate to dogs. It's bad for them.
- We \_\_\_\_\_ eat more tofu because it's full of protein.
