Atividade 1 – Ouça a música e arraste as palavras para completar os espaços.

I work a job that doesn′t pay
One more hour till I'm broken
It kinda kills me but I know there′s
Better days
On the way
My boys will pick me up at seven
By eight we'll be halfway to heaven
Under the stars out by that campfire light
Keepin' on
Until the dawn
I′ve been living for the backyard sunrise
I′ve been living for the nights that end too soon
I've been living for
All these little things
The moments in between
Yeah they′re the ones that I'll miss
′Cause I've been living for some days like this
My father sat me down and said son
You best quit thinking ′bout the next one
Before you know it years will pass on by
And slip away
And since that day
I've been living for the backyard sunrise
I've been living for the nights that end too soon
I′ve been living for
All these little things
The moments in between
Yeah they′re the ones that I'll miss
′Cause I've been living for some days like this
Oh
These are the days
These are the days
Oh
These are the days
These are the days
I′ve been living for the backyard sunrise
I've been living for the nights that end too soon
I′ve been living for
All these little things
The moments in between
Yeah they're the ones that I'll miss
′Cause I′ve been living for some days like this
