Hula : Discover the Soul of Hawaii

Aloha! Welcome back to my channel!
Get ready to experience the heartbeat of Hawaii.

Early Hawaiians didn't have a writing system, so they used Hula to pass down their stories through body movements.

You should be barefoot, and you become a storyteller using your hands, feet, and hips.

Rain (ua): Wave fingers while moving arms up and down.

Sun (ka lā): Make a circle with arms above the head

Don't miss out on this amazing dance!
