School Volunteering Club

In 2024, our school volunteer club started a special project to help the environment. Many teenagers joined this program because they wanted to improve their local neighborhood. During the project, the volunteers picked up litter along the streets and cleaned the public playground. They also planted small trees and watered them every weekend.

Through these community activities, the students developed important skills like communication and teamwork. They learned how to work together and protect nature. Doing community service helped them feel useful and proud because they did good things for everyone. One volunteer said that she enjoyed looking after the young plants.

In the end, the neighborhood became much cleaner and greener. The school believes that volunteering is a great way for teenagers to grow.
