Hi, everyone! I passed my summer exams and my parents bought me the Tomb Raider DVD as a present! It's an old film, but it's got my favourite video game character in it: Lara Croft! I already have all the Tomb Raider video games. I like Lara Croft because she is very clever and strong. In the game, she jumps, climbs through dangerous places and searches for ancient things. You should definitely play it! Who's your favourite video game character?

Tomb Raider is a great film, Dan – I should watch it again! My favourite video game character is Super Mario! He lives in the Mushroom Kingdom and he's very brave. He spends his time helping Princess Peach escape from Bowser. Mario's nickname is Jumpman because he can do fantastic jumps! My favourite thing about him, though, is how he looks: he always wears a red tracksuit and a red cap with the letter 'M' on it. I think he looks cute!
