

Read the email from your friend, Aiman.

Hi,

My class is planning a weekend activity together, but I can't decide what we should do. Should we go hiking, have a picnic, or visit a museum?

What do you think?

Thank you for your email.

Next, you can also take many memorable photos together.

That's all from me.

Firstly, everyone can join since it is fun and affordable.

I hope you and your friends will enjoy the activity and have a fantastic weekend.

Best wishes,

Dear Aiman,

I think having a picnic at the park is the best activity for your class.

Besides that, you can play games, share food, and spend quality time with your classmates.
