Subject: Our School Science Club

Dear Ben,

Last week, our teacher gave us an invitation to join the school science club. My friend Harry and I decided **(1)** _____ go because we both enjoy science.

The club meets every Wednesday after school. There are many students in the club, and **(2)** _____ all work together on interesting projects.

Last Wednesday, we learned about insects. The teacher showed us a beetle and told us some facts about **(3)** _____.

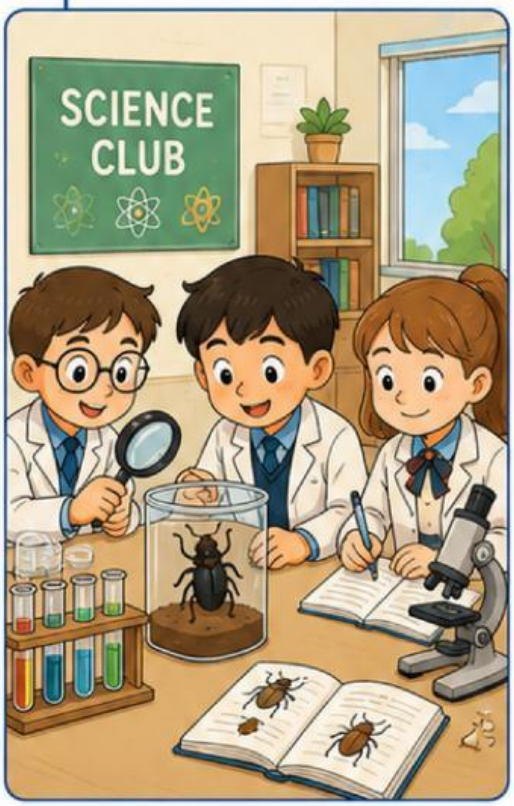

The science room is bigger **(4)** _____ our classroom, so there is plenty of space for experiments.

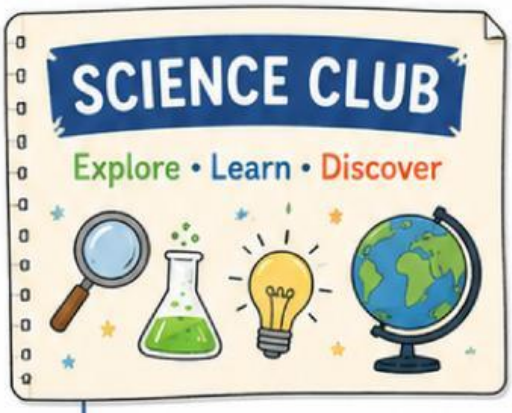

Harry likes the club very much because **(5)** _____ teacher is friendly and always helps students when they have questions.

I think the science club is excellent, and I hope to join **(6)** _____ again next year.

Best wishes,

Tom
