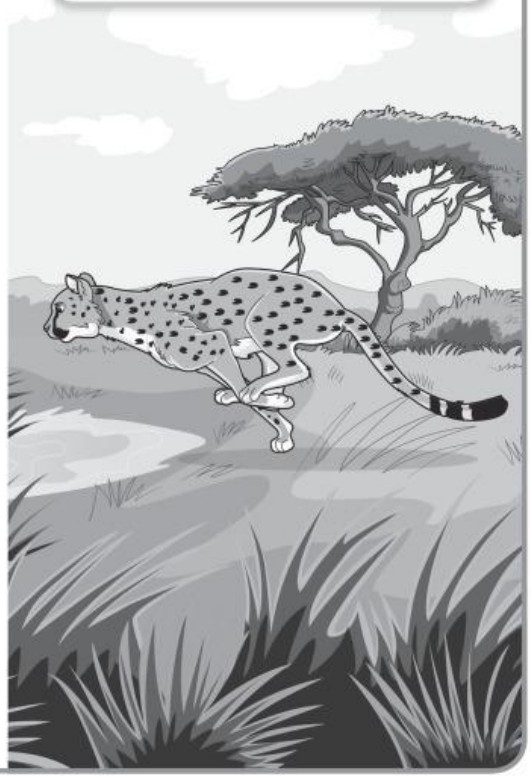
_____ _____ _____ _____

4 Read the text. Choose the correct words and write them on the lines.

Exam Tip!
Read the whole text first to check you understand it. Then look at the options for each gap and decide which one fits best.

Cheetahs

Cheetahs are big cats [1] which live in grasslands in Africa and Asia. They can run and jump, and they are the [2] _____ animals on land. They can run at 112 kilometres an hour. Their body is [3] _____ 1.1 and 1.4 metres long and their tail is 65 cm to 80 cm. They've got yellow fur with black spots, and they can see very [4] _____. They hunt during the day and they eat animals like rabbits, gazelles, other mammals and some birds. Cheetahs use a lot of energy when they chase animals, so they only [5] _____ for about 200 to 300 metres before catching the animal.
Cheetahs, like many big cats, live with other cheetahs. A female cheetah can have two to eight cubs and they [6] _____ with the mother cheetah for 16 to 24 months.



1	who	(which)	where	**3**	by	between	over	**5**	run	runs	ran
2	fast	faster	fastest	**4**	well	best	better	**6**	staying	stays	stay
