## READING COMPREHENSION

### A Rainy Day

It was a rainy morning when Lucy woke up. She could hear the sound of raindrops falling on her window. Lucy loved rainy days because they made everything feel peaceful. She put on her raincoat and boots and decided to take a walk with her umbrella. The rain made the streets shiny, and the air smelled fresh. After her walk, Lucy returned home, made a cup of tea, and sat by the window, watching the rain. It was a perfect day to stay indoors and read a book.

#### Answer the following questions
