II READING

Reading 1

Read the text below.

Exercise daily! Your body is much like a machine and it needs to move! Exercise improves your cardiovascular fitness, your muscle tone, and definition, and keeps your joints and bones strong.

Exercise is also one of the best ways to clear stress and any mental/emotional stagnation. Choose activities that raise your heart rate and lung capacity even if this is just a brisk 20-minute walk. Walking is actually a great way of staying active daily, and maintaining some kind of formal exercise at least 3 times a week is optimum for your overall health and well-being.

Choose **True** if the sentence is correct based on the text, and Choose **False** if the sentence is wrong.

1. The text says that our body is like a machine that needs to move.
2. Exercise makes your bones and joints weak.
3. Doing exercise can help you clear stress from your mind.
4. A brisk 20-minute walk is not enough to raise your heart rate.
5. Walking every day is a great way to stay active.

Reading 2

Read the text carefully

Sleep Like a Baby!

Sleep like a baby! The quality and quantity of sleep are very important to your health and wellbeing because as you sleep your body regenerates. Ideally, most adults should aim for at least 6-8 hours good quality sleep each night. The best way to ensure a good night's sleep is to effectively start winding down as the evening progresses, try to avoid using any mobile devices, turn your computer off, avoid any heavy/rich foods and caffeine after 6pm; reading a book or listening to calming music often helps your body wind down in preparation, herbal teas like chamomile (or teas with a calming effect) are also beneficial.

Choose the best answer (A, B, C, or D) for each question.

1. Why are the quality and quantity of sleep very important for your health?
 - A. Because it makes you hungry
 - B. Because your body regenerates
 - C. Because you can dream all night
 - D. Because it makes your brain forget things

2. How many hours of good quality sleep should most adults get each night?
 - A. 4 - 5 hours
 - B. 6 - 8 hours
 - C. 9 - 10 hours
 - D. 11 - 12 hours

3. What is the best way to make sure you get a good night's sleep?
 - A. Winding down as the evening progresses
 - B. Exercising hard before bed
 - C. Watching movies all night
 - D. Eating a lot of food in the evening

4. According to the text, what should you turn off before going to sleep?
 - A. The television
 - B. The lights

C. Your computer

D. The radio

5. Which of the following things should you AVOID (not do) before going to bed?

A. Reading a good book
