What we think of TECH

I love it! I've got a smartphone, a tablet, a laptop and a fitness tracker. Every day I look at websites, send lots of texts and stream music. I can't live without technology. I go online after school and I talk to my friends all night. Everyone's got their own YouTube channel – it's brilliant!

Yang

Technology's OK. I've got a smartphone and a laptop. I sometimes use them to look at websites to help me with homework. My sister's got a fitness tracker, but I haven't got one. I don't want to know how many steps I do when I walk!

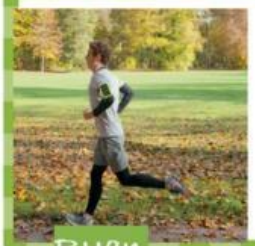

Olga

Inés

I've got my smartphone with me all the time – at home, on the bus, on the street. I talk to my friends online all the time. We stream music, play games and watch videos. My brother's got a digital camera, but I use my smartphone to take photos.

Ryan

My friends don't understand, but I don't like smartphones. Why don't people put them down and talk to each other? I've got a computer at home and I use it to look at websites, but I haven't got a smartphone. There's one thing I like – my fitness tracker. I use it when I walk and run.
