

# Middle of the year test - Preliminary

## **1- Read about Emma's life and write true or false.**

Hi! My name is Emma. I am sixteen years old and I live in Bristol, England, with my parents and my younger brother.

On weekdays, I get up at 7:00 a.m. I have breakfast and then I walk to school because it is only ten minutes from my house. My favourite subjects are English and Science, but I don't like History very much.

After school, I usually do my homework and help my mum prepare dinner. On Tuesdays and Thursdays, I go to swimming lessons with my best friend, Sophie. We enjoy swimming because it is fun and good exercise.

At weekends, my family likes spending time together. We often visit my grandparents or go to the park if the weather is nice. Sometimes we watch films at home and eat popcorn. Next summer, we are going to travel to Wales for a week. I am really excited because I have never been there before.
