The Eden Project

A special place in England!

The Eden Project is in Cornwall, in the south of England. It is a big garden with two huge domes. The domes are like giant greenhouses. Inside, there are thousands of plants from all over the world. One dome is hot and wet, like a rainforest. The other dome is warm and dry, like the Mediterranean.

The Eden Project opened in 2001. Millions of people have visited it. They learn about plants and how to take care of our planet. The Eden Project is a fantastic place!

1 Match the words to the pictures.
