FIRST CONDITIONAL

A. Grammar Summary

Structure	Example	Use
If + Present Simple, will + V	If people protect forests, endangered animals will survive.	To talk about a possible future result if a condition happens.
Will + V + if + Present Simple	Endangered animals will survive if people protect forests.	The order of the clauses can change without changing the meaning.

Notes

- The **if**-clause uses the Present Simple.
- The main clause uses **will + base verb.**
- We use the First Conditional to talk about real and possible future situations.

B. Exercise 1 – Put the verbs in brackets into the correct form.

Complete the sentences using the First Conditional.

1. If people _____ (protect) forests, endangered animals _____ (survive).
2. If we _____ (stop) hunting wild animals, their population _____ (increase).
3. If you _____ (visit) a national park, you _____ (learn) more about wildlife.
4. Many species _____ (disappear) if people _____ (continue) to destroy their habitats.
5. If we _____ (recycle) more, we _____ (produce) less pollution.
6. If people _____ (not cut down) so many trees, animals _____ (have) safer habitats.
7. If you _____ (leave) rubbish in the forest, wild animals _____ (eat) it.
8. We _____ (save) more endangered species if everyone _____ (help).
9. If the weather _____ (be) good this weekend, we _____ (go) to the national park.
10. If children _____ (learn) about wildlife at school, they _____ (care) more about nature.
