1 Look at the graph. What does it show?

Our Favorite After-School Activities

★ = 1 child

2 Look again. Find and complete.

- 1 _____ children like to play football.
- 2 _____ children like to read books.
- 3 _____ children like to draw pictures.
- 4 _____ children like to play video games.
- 5 _____ children like to listen to music.

3 Answer the questions. Write the number.

- 1 How many children like to play football?
- 2 How many children like to read books?
- 3 How many children like to draw pictures?
- 4 How many children like to play video games?
- 5 How many children like to listen to music?

4 Tick (✓) the box that shows the most popular activity.

☐ Play football	☐ Read books
☐ Draw pictures	☐ Play video games
☐ Listen to music	

5 Make your own graph!

Survey 5 friends. Then make a graph like the one in #1.
