Comparing Animals and Habitats

A. Look at the example. Write the comparative form of each adjective.

Adjective	Comparative
1. big	bigger
2. small	_____
3. fast	_____
4. slow	_____
5. tall	_____

Adjective	Comparative
6. heavy	_____
7. hot	_____
8. cold	_____
9. strong	_____
10. dangerous	_____

B. Use the comparative form of the word in brackets to complete each sentence.

1. A lion is _____ (big) than a mouse. 

2. A cheetah is _____ (fast) than a turtle. 

3. A polar bear is _____ (heavy) than a fox. 

4. An elephant is _____ (tall) than a rabbit. 

5. A shark is _____ (dangerous) than a goldfish. 

6. The desert is _____ (hot) than the mountain. 

7. The polar habitat is _____ (cold) than the rainforest. 

8. The rainforest is _____ (wet) than the desert. 

9. The ocean is _____ (deep) than a river. 

10. The grassland is _____ (dry) than the freshwater habitat. 

Read and Discover: Animal Habitats

A. Read and complete the gaps. Use the word bank.

The rainforest is a warm and (1) _____ habitat. It is (2) _____ than the desert because it rains almost every day. The trees grow very tall, and the leaves are always green. Many animals live here, from tiny insects to large jaguars.

The frog is (3) _____ than the fish, and it can jump from leaf to leaf. The monkey lives in the trees and is (4) _____ than the chipmunk. Birds fly from tree to tree looking for fruit, and some birds are (5) _____ than butterflies.

The rainforest has more (6) _____ than any other habitat, and many animals depend on it for food and shelter. Sadly, the rainforest is getting (7) _____ every year because people cut down many trees. It is important to protect this habitat so it stays (8) _____ for animals and people in the future.

wet wetter faster bigger louder plants smaller safe

B. Read again. Write True or False.

1. The rainforest is a cold habitat. True / False
2. It rains almost every day in the rainforest. True / False
3. The frog is slower than the fish. True / False
4. The monkey lives in the trees. True / False
5. The rainforest has fewer plants than the desert. True / False
6. The rainforest is getting smaller because people cut down many trees. True / False
7. Jaguars are small animals that live in the rainforest. True / False
