

THIS OLD DOG

Listen to the song and complete the lyrics with the correct past tense or past participle verbs.

FOR THE FIRST TIME

Work bank

been — gone — been — been — found — been — found

While she's away

Living day-to-day has tough

I her at my side

Simply being alive has rough

Know she won't be forever

There are many times I find it feels that way

And I'm not trying to forget her

Just understand how I'll be feeling on that day

It's just like seeing her for the first time again

It's just like seeing her for the first time again

The time she's not around

Somewhere out-of-town has hard

But somehow this old heart time to work it out this far

No, I know she's coming home soon

There are times I find it hard to feel that way

It's not inside me to forget her

Just understand how I'll be feeling on that day

It's just like seeing her for the first time again

It's just like seeing her for the first time again

It's just like seeing her for the first time again

It's just like seeing her for the first time again
