

One day I(spring) to my feet early in the morning and (think) about what to do. I (begin) the morning at the gym, where I (run) and (fight) with my best friend in a boxing match. He (strike) me really hard and my coach (throw) in the towel. I (seek) some comfort after the tough experience and so I(swim) for half an hour. When I got out, the wind (blow) really hard and leaves (fly) through the air. I (pick) up some of them because I (want) to use them at school. In the Art class, I(draw) an autumn picture, I(stick) some of the leaves and I(throw) away the leaves that (be) not very pretty. When the bell(ring) and school (finish), I(catch) a bus home. I(hang) my coat in the wardrobe and(start) to do my homework. I(be) very happy because I (know) all the answers at the Maths problems. Mum(teach) me to be tidy, so I put all my things in my schoolbag for the next day. Mum(congratulate) me and said that she (be) proud that I(grow) up and I (be) responsible now.
