

Find someone who

- 1 Walk around the classroom and talk to your classmates. Ask your classmates if they do the activities noted below. Write the names of those who respond positively to your questions. Respond to your classmates' questions as well. Use the example phrases noted below. Add your own ideas for extra questions in the final three boxes.

Find someone who ...	Name
always gets up early.	
stays up late at the weekend.	
falls asleep with music playing.	
goes to bed at the same time every night.	
gets up late on the weekend.	
wakes up before their alarm goes off.	
is often tired in the evening.	
gets up early to do exercise.	

A *Do you always get up early?*

B *Yes, I do. / No, I don't.*

- 2 Work in small groups and review how many people responded positively to the questions above. Which activity had the most responses? How much do you and your classmates have in common?
