My neighborhood is a really pretty place. I live on a 10th floor with my husband and our dog, "Pretzel" and there is a nice view of the city. There's a park behind our building and there are some nice grocery stores in front. There aren't any shopping malls but next to the grocery stores there is a big pharmacy. A negative thing is that there are many cars so there's much traffic and much noise all the time.
