

ANIMAL HABITATS and THEIR PARTS

Learning goal: I can identify animal habitats and say what animals can and can't do.

After watching the video and doing the reviews Solve the workshee.

<https://canva.link/zigldxz0s4txx4y>

1. Choose the correct animal habitat.

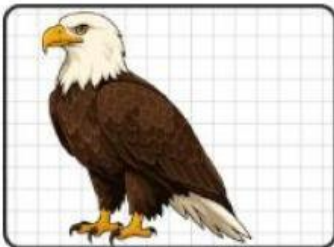

3. Choose and answer.

Can a tiger run?

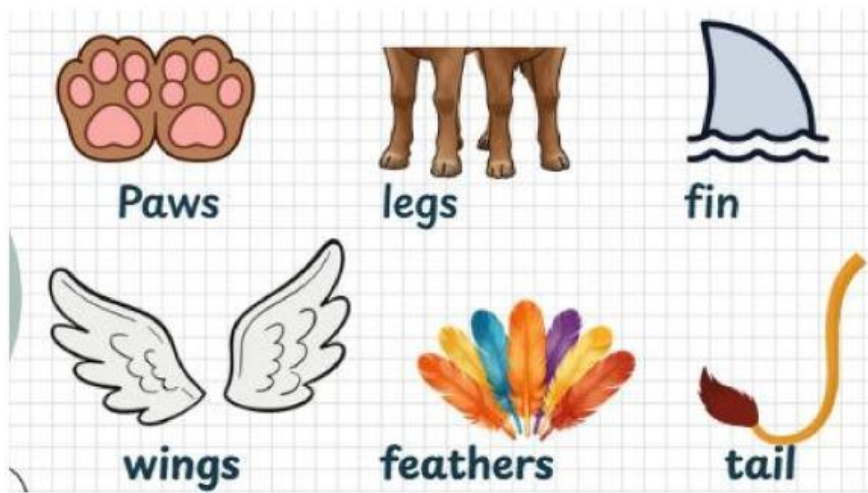

Can a tiger fly?

Can an eagle fly?

Can an eagle swim?

4. BODY WORDS — Complete.

A tiger has _____ and _____.

An eagle has _____ and _____.

A dolphin has _____ and a _____.

5. THINK and select.

A. Tiger + elephant: What do they have in common? Select one.

LAND WATER AIR

B. Eagle + parrot: What helps them fly? Select one

FINS LEGS WINGS

C. Dolphin: Why are fins useful?

SWIM FLY RUN

Great job, Animal Scientist!
