### **Passage 2: SIMPLE WAYS TO STAY HEALTHY**

Healthy living does not have to be difficult. There are several simple things students can do every day. First, they should eat healthy food. Fruit and vegetables provide important vitamins, while too many sweets and soft drinks can be harmful to the teeth and may cause weight gain.

Exercise is also important. Students do not need to play difficult sports. Walking, cycling or doing yoga for about thirty minutes a day can help them stay fit. They should also get enough sleep. Staying up late can make students tired and less active the next day.

Good personal hygiene is another healthy habit. Students should wash their hands before meals and after using the toilet. They should also avoid touching their eyes, nose or mouth with dirty hands. Small healthy habits like these can make a big difference.

**Question 31.** What is the passage mainly about?

- A. Difficult sports for students
- B. Simple ways to stay healthy
- C. Different school activities
- D. Popular kinds of food

**Question 32.** Why should students eat fruit and vegetables?

- A. They are always cheap.

- D. They are sweeter than soft drinks.

**Question 33.** Which activity is NOT mentioned as a way to exercise?

- A. Walking
- B. Cycling
- C. Yoga
- D. Swimming

**Question 34.** What may happen if students stay up late?

- A. They may feel tired the next day.
- B. They may become stronger.
- C. They may exercise more.
- D. They may eat more vegetables.

**Question 35.** When should students wash their hands?

- A. Only in the morning

- B. Only before going to bed
- C. Before meals and after using the toilet
