

SAMPLE 1

I live in a peaceful **country house** with my family. There are **six** rooms in my house: **a living room, a kitchen, a bathroom, and three bedrooms**. There is also a **small garden** in front of my house and my dad plants many kinds of flowers around it. My favorite room is **the living room**, my family often spends time there together. We have snacks, watch TV, and talk about our day. There is **a sofa and a TV** in the living room. There are also some pictures and plants to make the room more beautiful. I love my house very much because it is convenient and comfortable.
