| do the laundry | daily routine | carry on |

**A Family That Works Together**

In the Nguyen family, everyone is expected to contribute to family life. Although Mr Nguyen is the main **(1)** _____ and spends most of his time working to **(2)** _____, he does not believe that all the housework should be left to his wife.

Every Sunday evening, the family discusses how to **(3)** _____ the chores for the following week. Their two children are old enough to **(4)** _____ several tasks. For example, their daughter usually helps to **(5)** _____, while their son is responsible for remembering to **(6)** _____ before collection day.

Mr Nguyen often does the **(7)** _____, such as moving furniture or carrying heavy boxes. Meanwhile, Mrs Nguyen usually prepares meals and helps the children with their homework. However, when she is **(8)** _____, the other family members have to **(9)** _____ the household responsibilities.

The parents believe that doing chores is not simply about keeping the house **(10)** _____ clean. It is also an opportunity for their children to develop important **(11)** _____. By taking part in family life, the children learn to **(12)** _____ their parents' efforts and show **(13)** _____ for everything the family does for them.

The family also believes that working together can **(14)** _____. Even simple activities such as preparing dinner or tidying the living room give them time to talk and exchange opinions.

These habits have now become part of their **(15)** _____. The parents hope that, as their children grow up, they will **(16)** _____ these positive habits and **(17)** _____ to their own families in the future.
