

Why do the worst people rise to power? | Brian Klaas

1. We have _____ designed systems that are not doing an effective job at _____ these people out, or _____ them out once they get into _____
2. I think that there should be an _____ that people who are about to control nuclear weapons that can literally _____ out our _____ should at a minimum, be subject to a psychological test
3. And you also have to ask questions of people that would _____ whether they're in it for the _____ of power, or they're in it for themselves
4. What does distributional choice mean?

5. How can we screen people who are seeking power?

6. It may be awkward, but try to think over and decide which type of person you're closer too (Machiavellian, Narcissistic or Psychopath). Explain your choice
