AI can help us learn, but AI can also make mistakes. Use the chatbot below (linked artifact: [lkpd26_ai_chatbot](#)) to practice asking good questions.

Remember: AI is a learning assistant, not the final source of truth.

You Can Ask AI To

- explain difficult vocabulary
- help generate investigation questions
- suggest project ideas
- give feedback on your English
- help you organize your ideas

Example Prompt

"Explain the word 'erosion' in simple English for an eighth-grade student."

Student Task – Chatbot Log
