PART 3: READING COMPREHENSION (5 questions)

Read the text and choose the correct answer (A, B, or C).

Chloe Nguyen started playing the piano when she was 10. She's now 13, and has her own channel showcasing her music performances.

Our interviewer, Minh Triet, went to meet her.

How did you become interested in music, Chloe?

"It's funny. My father's a pianist, but I've never been interested in classical music. Then, a few years ago, my cousin asked me to play a pop song for her birthday party. The guests loved it, and I haven't stopped playing the piano ever since."

LIVEWORKSHEETS

Where do you get your inspiration from?

"Listening to different sounds in daily life is really interesting. They help me create new melodies. Often I record sounds with my phone to help me remember them. People have given me wonderful songbooks, but they don't help me write original music."

What kind of music do you like playing most?

"Well, all my favourite musicians play jazz. But I love modern pop and being creative, so I hope to be a versatile pop artist. I've tried playing heavy metal music. That was too difficult for me."

21. How did Chloe first become interested in music?

A. She listened to her father's classical piano records.

B. She performed a song for a family member's birthday.

C. She watched professional musicians online.

22. How did Chloe get her inspiration for new melodies?

A. By recording sounds from daily life with her phone.

B. By reading wonderful songbooks given by friends.

C. By listening exclusively to heavy metal music.

23. What kind of music does Chloe want to play in the future?

A. Heavy metal

B. Classical music

C. Modern pop

24. What does Chloe say about heavy metal music?

A. It is too difficult to play.

B. It is her favorite genre.

C. Her father taught her how to play it.
